

FIRE!! MOSTRA - Conditions for film entry

31th edition – 4th to 14th of June 2026

The **FIRE!! Mostra** is the first LGBTIQ+ film festival in Spain: established in 1995 by Casal Lambda, in Barcelona, it addresses affective diversity in its broadest sense through a careful selection of **feature films, documentaries and short films**. A selection of art-house cinema and an educational approach are its main characteristics.

Throughout **two weeks at the beginning of June** - mainly at the French Institute but also at other different indoor or open-air venues in the city -, a wide range of public is invited to enjoy this Barcelona cultural landmark, with stories and testimonials of free people, creators who break barriers and fighters for human rights, all of whom help with love to build a fairer and freer world.

The **festival's name** is a tribute to the late 20s New York magazine of the same name, ***FIRE!!***, led by the black gay writer Richard Bruce Nugent, portrayed in one of the most iconic films of the festival, ***Brother to Brother***, which we screened a few years ago.

Categories: feature films, documentaries and short films.

Important: the film should not have been projected at least in **Barcelona** before the date of the Mostra FIRE!!

The festival concedes three Awards, attributed by the festival team:

- Festival Award for Best LGBTI Feature Film: **MONETARY AWARD (NEW)**. The prize amount will be published on our website and social media in late 2025/early 2026.
- Festival Award for Best LGBTI Documentary Film (honorary award)
- Festival Award for Best LGBTI Short Film (honorary award)

And two other awards are attributed with the **votes of the public**:

- Public Award for Best LGBTI Feature Film (honorary award)
- Public Award for Best LGBTI Documentary Film (honorary award)

Deadline for the sending of the screeners: 10th of March 2026
